

# **Mothers of Faith**

By Malcolm Gordon

For our mothers of faith  
For our sisters in Christ  
For the daughters of God we will praise

For their courage and care  
Their compassion and tears  
For their unending prayers we will praise

**For the women who carried and bore us, now this song we raise  
For their wisdom and ways so inspire us, now our God we praise**

For courageous midwives  
For the unmarried bride  
And her miracle child come to save

For the barren of womb  
And the poured out perfume  
Then the watch at the tomb we will praise

**For the women who carried and bore us, now this song we raise  
For their wisdom and ways so inspire us, now our God we praise**

For the long silent age  
For repression's cruel cage  
For our part in this pain we confess

For the gifts we've returned  
And the saints we have spurned  
From this blindness we turn and are blessed

**For the women who carried and bore us, now this song we raise  
For their wisdom and ways so inspire us, now our God we praise**

For our mothers of faith  
For our sisters in Christ  
For the daughters of God we will praise

To our Father above  
With a mothering love  
Won't you lead us in freedom and grace
